

MUKESH KANNA

FULL STACK DEVELOPER — MERN STACK | REACT.JS | NODE.JS | EXPRESS.JS | MONGODB

+91 9944898317 | mukeshkannamannai04@gmail.com | Chennai, Tamil Nadu | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Entry-level Full Stack Developer specializing in MERN stack development, with hands-on experience building responsive web applications using React.js, JavaScript, Node.js, Express.js, and MongoDB. Experienced in developing RESTful APIs, CRUD operations, authentication, authorization, database integration, API integration, debugging, Git/GitHub, and cloud deployment. Built and deployed full-stack applications including e-commerce, blog/portfolio, bulk email management, and API-driven applications.

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frameworks & Libraries: React.js, React Hooks, React Router, Next.js, Redux Toolkit, Tailwind CSS, Vite.js, Responsive Web Design

Databases: MongoDB, MongoDB Atlas, MySQL

Backend Technologies: Node.js, Express.js, REST APIs, Axios

API & Development: API Integration, CRUD Operations, Data Validation, Error Handling, Asynchronous Programming, Debugging

Authentication & Security: Firebase Authentication, JWT, Authorization, Role-Based Access Control, Protected Routes

Payments: Razorpay Payment Integration

Tools: Git, GitHub, Postman, VS Code, npm, Render, Vercel

PROJECTS

FULL STACK BLOG & PORTFOLIO PLATFORM

Technologies: React.js, Node.js, Express.js, MongoDB Atlas, Firebase Authentication, REST APIs, Axios, Render
[GitHub](#) | [Live Demo](#)

- Developed a full-stack blog and portfolio platform with user registration, login, blog browsing, content management, and user interactions.
- Built responsive React.js interfaces and integrated frontend components with Express.js REST APIs.
- Implemented CRUD operations and MongoDB Atlas integration for persistent data management.
- Integrated Firebase Authentication and implemented admin-only publishing with authorization and role-based access control.
- Tested API workflows and deployed the backend application using Render.

BULK EMAIL MANAGEMENT APPLICATION

Technologies: React.js, Node.js, Express.js, MongoDB, JWT, XLSX, Axios, REST APIs
[GitHub](#) | [Live Demo](#)

- Developed a full-stack bulk email management application using React.js, Node.js, Express.js, MongoDB, JWT, and XLSX.
- Implemented Excel file upload and XLSX processing to extract and validate recipient email addresses.
- Built JWT-protected REST APIs for authentication, email processing, and email history management.
- Integrated the React frontend with Express.js APIs using Axios and implemented error handling and validation.

WEATHER APP

Technologies: React.js, JavaScript (ES6+), CSS3, OpenWeather API, REST API, Axios/Fetch
[GitHub](#) | [Live Demo](#)

- Developed a responsive weather application using React.js and JavaScript.
- Integrated the OpenWeather API to fetch real-time weather data.
- Implemented city-based weather search with dynamic results.
- Handled asynchronous API requests, loading states, and errors.
- Built a mobile-friendly UI using reusable React components.

SHOPHUB E-COMMERCE APPLICATION

Technologies: React.js, Redux, Node.js, Express.js, MongoDB, REST APIs, Axios, Razorpay
GitHub | Live Demo

- Developed a MERN-based e-commerce application with product browsing, shopping cart, checkout, order management, and online payment functionality.
- Implemented Razorpay payment integration to enable secure online payments during the checkout process.
- Developed RESTful APIs using Node.js and Express.js for product, order, and payment-related operations.
- Debugged and resolved frontend, Redux, API, database, and payment integration issues.
- Integrated MongoDB for persistent product and order data and connected frontend services with backend APIs using Axios.

PROFESSIONAL EXPERIENCE

DCB BANK — OPERATIONS 2023

Chennai | November 2023 – December 2024

- Managed daily banking operations while maintaining accuracy, documentation, process compliance, and timely service delivery.
- Handled customer and operational requests while working with structured data and internal systems.
- Developed transferable skills in problem solving, attention to detail, communication, and process management.

PROFESSIONAL TRAINING

AI + MERN STACK DEVELOPER PROGRAM - Error Makes Clever Institution

- Completed hands-on training in React.js, JavaScript, Node.js, Express.js, MongoDB, REST APIs, authentication, CRUD operations, Git/GitHub, and deployment.
- Applied technical concepts through practical full-stack application development.

PROMPT ENGINEERING COURSE - Error Makes Clever Institution

- Completed training in prompt engineering and practical techniques for creating effective prompts for AI-based applications and workflows.

EDUCATION

Bachelor of Engineering (B.E.) — Mechanical Engineering

Dhanalakshmi Srinivasan Institute of technology | 2023 | CGPA: 7.69

Languages: English | Tamil
